WELCOME TO DALLAS!

AS EXTENDED BY HOMER BROOKS, GENERAL CHAIRMAN

Homer Brooks

We of the Dallas Coin Club, your host for the 14th Texas Numismatic Association convention, welcome TNA members, their families and friends to Big "D" and we hope that your visit will be most enjoyable and informative.

The Dallas Coin Club is the oldest coin club south of St Louis, having been organized in 1928 by the late William A Philpott Jr. (Mr Phil, who passed away on October 10, 1971 at the age of 86, was known as "Mr. Numismatics of Texas.")

Dallas, your host city now ranks as the eighth city in size in America and has been designated as the "All-American City."

Space will not permit me to enumerate the numerous places of interest for you and your family to visit. If your children are with you —a must is "Six Flags Over Texas" located half-way between Dallas and Fort Worth on the Tollway, a 20-minute ride that the "Kiddies" will long remember; also, "World of Animals" just off I H 20 near Mesquite Of course, we know that "The Missus" has in mind a visit to the famous Neiman-Marcus store at the corner of Main and Ervay, just a short walk from the Baker Hotel, then, there is North Park, one of the foremost shopping centers in America, located at the Northeast corner of the city, accessible by car or city bus—it's easy for the family to spend the day here while Daddy visits the convention and his favorite coin dealers, and to view the many excellent numismatic exhibits on display in the Lounge on the Mezzanine floor of the Baker Hotel.

If your family is walking downtown, they will find the Tower of the First National Bank, an interesting place to visit and get a panoramic view of Dallas and surrounding area. Then, too, One Main Place, just a block West, is a city within itself, with underground walkways to numerous shops and places of interest, including a wonderful restaurant. In walking distance is the recently completed John F. Kennedy Memorial, located across the street from the new Dallas County Office Building.

Of particular interest to the ladies is the luncheon in the Zodiac Room of Neiman-Marcus on Saturday, April 15, at 12 noon (Dutch Treat) and the sightseeing tour of "Dynamic Dallas" by coach starting from the Baker Hotel at 2 p.m on Friday, April 14, and returning at 4:30 p.m Tickets may be purchased at the registration desk

The convention officially opens to visitors at 10 a.m. Friday, dealers bourse and exhibits will be completed and open to visitors Friday's activities will include the sightseeing tour, and a meeting of Numismatics International in the English Room will take place.

Saturday's events open with the TNA governors' and club representatives' breakfast at 8 a.m At noon the Society of Paper Money Collectors will hold a luncheon and a ladies luncheon will take place at Neiman Marcus' Zodiac Room (Dutch

PRESIDENT'S MESSAGE

In retrospect this has been a most enjoyable and rewarding year for me. There are so many that I owe so much but space does not permit the mention of each individual. All the elected and appointed members of the official family have been most cooperative and helpful. Without their untiring efforts we would have had a very difficult year.

Having visited in 11 different districts at least once this year, I have had the honor and privilege of meeting many of our membership. To these I am exceedingly grateful and appreciative of the hospitality and words of encouragement.

In looking to the future, we have several projects in mind that we feel beneficial to our present membership, and will be an incentive to others to join. The coming year will be another of "Work and Grow" for we must grow or we will wither away.

✧

This is the last month of the convention year. Have you paid your dues for 1972? Time is also running out for those clubs that have not appointed a TNA club representative.

✧

We are looking forward to seeing each of you in Dallas for the convention. If circumstances do not permit attendance all three days, please attend as much as time allows. I do want to meet each of you. Remember the annual meeting Sunday morning, April 16. All members in good standing are invited and expected to attend.

✧

On February 13 we had the privilege of meeting with our friends in District 9. Governor Joplin really rolled out the red carpet with a breakfast meeting in Levelland and an all-district noon meeting in Littlefield. A lot of work has been done in District 9 and they are growing.

All are urged to make hotel reservations early. Write to Baker Hotel, Dallas 75205.

The Land And The Leaf

BY FRED CLARK
San Angelo, Texas

Did the leaf just "grow" on Canadian coins—or was the choice a conscious attempt to draw a parallel between the precise order of its creation and the even-keeled passage of Canada's ship of state?

There is much for which 1920 can be remembered. The war which was to end all wars and bring democracy to dune and headland was over, leaving a torn and wearied world with more and greater problems than confronted it in 1914. If you've forgotten, the catalog of crises include an aggressive Japanese presence in China, the readjustment of European borders, the plight of the starving Armenians, the disposition of Colonial empires shattered by both victory and defeat, the reordering of world banking and trade, the disposition of war debts, the collapse of world currencies, (Has it ever been different?) and the maintenance of world peace.

A little known New York politician, Franklin D. Roosevelt, ran for vice president on the Democratic ticket and Socialist Eugene V. Debs (running for president from a cell in the Federal Penitentiary at Atlanta) polled nearly a million votes. It was the year of woman suffrage, anti-Red hysteria, Federal strike-breaking, the first broadcasting station, the Eskimo Pie, Man O' War. And who could forget? It was the year that an illegal still was found on the farm of the Texas senator who wrote the 18th Amendment. (Sorry that was before Johnson.)

It was a great year for history and hysteria, and not a small one for numismatics. A new and smaller George V cent appeared in Canada. While the appearance of a new coin is ever more interesting than momentous, it was unusual for this coin to appear midway in the year's running of the one it replaced. Apparently the abrupt change from a large to a small cent was necessitated by the world-wide shortage of copper following World War I.

The overdose of both the large and small cents of George V bear the crowned and robed bust designed by Sir Bertra MacKennal. It is an effigy probably even more familiar to stamp collectors than to coin buffs. Both bear the same obverse legend, GEORGIVS V DEI GRA: REX ET IND: IMP: executed in a similar style of lettering. The only important aspect in which the designs differ is that the large has a beaded edge, whereas the small is plain.

A totally new reverse for the small cent was designed by H. J. Blakemore. The legend-encircling wreath of 16 leaves, which had adorned the reverse since the first Victorian cent, was discarded and the legend rearranged, repositioned and executed with less ornate letters. Two maple leaves flanking the word "Cent" were added to the design, and a plain edge adapted.

One can suppose that the positioning of the leaves was dictated by no motive beyond the need to fill two large blank spaces, that the maple leaf was chosen because of its prior appearance on Canadian coins and stamps had lent it some familiarity, and be content with this logic. But those familiar with trees and with geography, history and

SPECIAL ISSUES FINDING FAVOR

BY BRAD MILLS,
Dallas Morning News

Brad Mills

The striking of coins aimed chiefly at world collectors, and not for circulation in the issuing countries, has found considerable favor among hobbyists everywhere. However, these special coins are minted in rather limited quantities to impress collectors and speculators who sense a semblance of scarcity at a later date.

Some of the various special issues are also circulated to a degree in countries of issue to "validate" them as either real or commemorative money. The heavy premium prices asked for these coins have been a substantial source of revenue to issuing countries.

Prices asked for special coins struck in silver and gold bear little relation to their bullion value, a fact that further stresses the profit motive of these mints reaching for the numismatists' money. The commemorative approach is an important excuse for the smaller nations that issue special coins, while the honoring of national heroes is an acceptable practice. Most are not intended for general circulation on a local basis.

Tonga, a small island kingdom, did not want to be outdone, and sometime back issued a special platinum coin as the ultimate in collector appeal. Various African, European and Latin American countries have issued special coins to increase revenues and prestige.

Canada has minted commemorative coins extensively since 1950, and premium prices charged have been reasonable because of direct distribution from Ottawa. Panama this year has offered a giant 20-balboa silver coin in limited quantities, having a declared or face value of $20. It was privately struck in this country and even though distributed in limited quantities it made a good profit for Panama and the distributors. The oddity of such a large coin attracted the daring collector. It was privately minted in the United States.

The U.S. is not at all backward in issuing premium coins as shown by the big flood of proof sets, special mint sets and Eisenhower dollars in two types. The Treasury Department realizes a good profit from the sale of these special coins, which are distributed all over the world at much more than face value.

✧

This column has received a large number of calls from non-collectors who have been solicited to purchase medals through certain U.S. corporations that apparently have some type of merchandising arrangement with manufacturers of medals and the so-called private "mints." Names of persons solicited doubtless come from credit card holders and preferred customers of the selling organizations.

Principal inquiries from readers relate to these medals as (1) a possible investment, (2) really worthwhile numismatic items and (3) assurance they will be redeemable at the end of a specified holding period, where such a selling provision

is included.

The medals have been designed on a commemorative and promotional basis to honor various historical occasions or human virtues. In many cases only a limited number of sets is issued, a condition intended to make them scarce.

These medals are offered in various metals from bronze to platinum and most are distributed in sets over a period of time on a subscription basis. Total prices range upward to $200 and even more for sets of ornate design.

In some instances the selling corporations have offered to buy back the medals at their original selling prices at some future time—usually five years—but others are being sold on the claim they should become valuable collectors' items in their own right as time goes on.

Prospective purchasers of such medals in the expensive series would do well to consider the following basic conditions:

1. Good sponsorship through reliable designers and sellers.

2. A reasonable price and consideration of the number issued.

3. Attractive designs that appear professional.

4. Freedom from political and prejudicial overtones.

The question of a refund in five years or any stipulated period may depend on the condition of the medals at the expiration date. If kept in a damp place, carelessly handled, exposed to salt air or sulfur influence, the original sellers might claim justification for failure to buy back medals showing wear and tear.

A meritorious medal is fully justified. One poorly conceived is a mere trinket.

THE LAND AND THE LEAF —

(Continued from Page 8)

people of that vast and favored nation to the north of us cannot avoid a symbolistic intent in the simple balanced maple leaf arrangement that is suggestive of the philosophy of development that characterizes Canada.

To a greater extent than any other living thing, the maple tree personifies a continual striving for perfection. In "American Trees" Rutherford Platt observes that the maple should bear a sign proclaiming — Something marvelous is going on here! The marvel is truth revealing itself in a perfect symmetry, a symmetry achieved through balance. every growth is balanced by an opposite growth, each angle and curve of leaf has an opposing counterpart. From the hour its first groping shoot parts the earth, and consecrates its fiber to the beautification of truth, until it is felled by man or nature, the maple tree exemplifies an uncompromising dedication to the attainment of perfection through balance.

Politically Canada has balanced traditional monarchy with 20th century democracy. The queen reigns but does not rule. The commoner's ballot is the ultimate political persuasion. Canada has matured to a triumph of balance as unique among nations as the maple among trees. Unintentional as it may have been, few coins portray a more fortunate symbolism.

Such are my thoughts as I look at any coin be it United States, Canada, Mexico or what have you. What was the designer thinking when he or she designed the master dies to strike it? Not all have been as great a balance as the maple leaf but think of our own Miss Liberty. Have we all not had the desire to live for what she stood?

COMMENTARIUM.....

THE UNWANTED

By JOHN S. HILL,
Legal Advisor

Our zeal to attract and enlist new members for our coin clubs will sooner or later pose the problem of just how to handle the club's refusal to accept an applicant who is [illegible] rejected by a "mis." or more bluntly just politely "uncongenial" without embarrassment to the club and without incurring potential liability for such a rejection.

At the time the Texas Numismatic Association was chartered as a "non profit, tax free" corporation, we automatically became a quasi-public institution, and as such our rights to [illegible] autocratically as a private club vanished into the wild blue yonder.

Actions of such organizations as TNA are periodically reviewed for strict compliance with all the applicable laws, rules, and regulations promulgated by our governing bodies in the public interest. Included in the above mentioned restraints are guarantees of freedom of actions and choices for every citizen, which rights are further strengthened by clearly stated stipulations that no citizen may be discriminated against in any manner because of his color, race, creed, or sex.

In other words, any citizen has the right to apply for membership in any club or organization, including our coin clubs, with the clear expectation of being accepted and becoming a full-fledged "working" member of such club or organization. We may as well face the fact that it is not only possible, but very likely, that some few citizens will apply for membership in our coin clubs for the sole purpose of testing their rights and our reaction.

One of our TNA member clubs has recently encountered this exact situation. Based on their experience and their successful handling of the matter the following procedure has been approved as being fully adequate and legal and is recommended to our clubs for their consideration and/or use.

Each of our coin clubs should have a membership committee, the chairman of which should be an officer of the club, preferably a vice president. Members of the committee other than the chairman should be appointed by the president of the club with the identity of the appointed members remaining secret or unknown to the club members. Committee meetings should be at the call of the chairman (but not more frequently than once a month) for consideration of applications on file with the secretary. Approval of applications must be by unanimous vote of the complete committee at a regularly called meeting, with the full membership of the committee constituting a quorum.

The club membership should be advised in detail as regards the new procedure for handling membership applications so that all members will clearly understand the time element of handling the details of such investigations, etc., so there will be no embarrassment to anyone over the possible delayed action on recommittee.

Written applications for club membership, properly endorsed by three club members in good standing (dues

NEWS ROUNDUP – A.N.A.

By NORMA MATHER

Letters from ANA President John Jay Pittman and Governor George D. Hatch tell of plans to expand the district representative program of the association to appreciably increase the number of representatives in order to provide broader personal coverage, more direct liaison between individuals and clubs and the ANA. This is a delightful prospect which this DR welcomes heartily. My contact with members has been largely limited to this column. Of course "eye contact," actually talking with folks, is very much better.

In response to a request from President Pittman several names were sent in of people we felt would well represent ANA. To date three have told me of their acceptance of the invitation to serve and all were so gracious about it that it makes me proud to know them. Names are not listed here; all will appear in a future column.

We are told that the district representatives are to be provided special badges, application forms and informational materials. At shows and meetings look for that special badge and let your DR know how you feel about ANA. If you have a question or a complaint or need help in using some of the services let your DR know. If you are pleased about something ANA is doing pass that along, too.

✧

NATIONAL COIN WEEK? Yes, I know I've not been mentioning it but I do not want to "the third full week in April." That means the 15 through the 22 this year. I presume that only activities within that period will be counted in the competition. I anticipate all needed information as to theme, literature, etc. in the ANA Club Bulletin for March. Get after it, have National Coin Week proclaimed in your town, arrange for displays everywhere you can, get on your service club and other programs, order the books you'll be giving. Of course we feel we can do a better job with longer time to plan and execute but if everyone's in the same boat think of all the sweat that's been saved, and the competition will be fair. We're looking for another winner from Texas this year! New Orleans isn't far to go to claim the award in August at the ANA convention.

✧

It is interesting to note that a dozen Texans applied for regular membership, one for associate and one for Life membership in ANA in January and that 14 different members from District 6 signed these applications. They are not the result of a drive or hard sell campaign. This indicates that there is a healthy general belief in and support of the organization apparent across the state which is good. ANA is really moving ahead in efforts to serve its members.

Brazil — where the largest denomination of paper money is a bill worth $18 — soon will issue one worth $89, press reports said.

JUNIOR READIN' ROUNDUP

By MARY JANE WHYBORN
San Antonio, Texas
Youth Chairman

TNA convention time is rather like Christmas in April. There are beautiful gifts in the form of awards for those with the desire and initiative to prepare exhibits. There are magnificent coins — something for everyone's collection — to be purchased from the numerous dealers in the bourse room. But, most of all, it is that time when old friends meet and new friendships begin. It is always such a joy to greet those whom you rarely see any other time of the year, and to share your hobby with those who know how truly great it is to belong to the vast brotherhood of coin collectors.

I expect to see a lot of junior collectors in Dallas, especially those who have been nominated for the "Junior of the Year" award. A group of three outstanding numismatists and prominent TNA members will be deciding on the winner of this trophy as you read this. In fact, their choice will undoubtedly have been made. I have received several nominations for some really outstanding youngsters in various parts of the state. You will soon be reading about the winner in this column and in the regular coverage of the convention.

Convention time is also somewhat like New Year's Eve. It is the beginning of a new year of numismatic activity, a time for resolutions and fresh starts. I intend to try my very best to make this a much more productive year for junior members throughout the state, and hope that you will do everything you possibly can to stimulate interest and participation among the youngsters of TNA and all of those new members you are going to bring into TNA. It takes all of us working together to bring about a successful junior program in TNA. I know I certainly can't do it all by myself; I need help from each of you.

In the meantime, I'll be seeing you in Dallas. Come and see for yourself who TNA's "Junior of the Year" is.

Spring is one of our best coin show seasons and, if you can get everything else in order, you can go to a good coin show almost every week end without traveling very far. Unfortunately, and for various reasons, some of these shows will not include an exhibit section which, in my opinion, is one of the most important elements of a good coin show.

That brings us to our own TNA show in the Baker Hotel in Dallas, April 14-16, which is almost upon us. If you haven't already done so, get that exhibit finished up and put it on display where everyone can see it. Besides the personal pride you will feel when you see visitors admiring your exhibit, you may also win a trophy that you will be proud to display in your home or office. In the future, it will remind you of some of your happiest numismatic moments.

Classes of competitive exhibits include novice, junior, Mexico, and others. The last class includes U.S.A. gold, paper, tokens, medals, decorations, foreign, and Latin American. Non-competitive exhibits are also welcome.

The Mexico classification covers coins minted in Mexico since 1536 A.D. and the winner will receive an award donated by Harvey Bruns of Mission. A special award for the best United States paper money may also become available but cannot be confirmed as this is being written.

Many of you have ideas about exhibit judging, the kind of trophies that should be awarded, and how the awards should be allocated, but only a few of you have written me about it and offered your suggestions and recommendations.

At the convention, it is planned to have a form available where you can indicate your preferences regarding judging, type of trophies, and the manner of selecting exhibits to receive awards. For example, should trophies be awarded on a scoring basis without regard to classification as it is now done, or should one or more trophies be awarded in each classification? Be prepared to register your views at the convention.

Mrs. Margo Russell, editor of Coin World, and John J. Pittman, ANA president, will be our distinguished speakers at the educational forum scheduled for Saturday in the English Room starting at 7:30 p.m.

See you in Dallas!

The earliest mint on what is now American soil was located in Saugus, Mass., then the Mass. Bay Colony. Saugus, eight miles out of old Boston town, was chosen by the provincial legislature to be the site of the mint, as iron works were already established there.

I trust that all are packed and ready to head to Dallas for the TNA convention. All is set and ready and it should really be for a good time. To each governor and club representative, please make a special effort to be at the breakfast on Saturday morning. This is the time to really bring the news and club problems from your respective areas. Also the VIP award will be given at this time. It is real pleasing as to how many are really working for this. TNA is only as strong as it's membership will be and work to make it that way. All working together for one common goal makes any organization stronger. This is as it should be. See you for breakfast Saturday, April 15, at the Baker Hotel in Dallas.

TNA has made some growth in the past year but we need more. Let us all continue to work for the betterment of TNA so that we can look with pride upon our state association. It is through such associations that numismatics can reach goals that in no other way can they achieve these. So in the words of our president let us continue to work for growth.

Again, come to the convention and be there for the governors' and representatives breakfast. As said in the past this is where you are able to find the coin or coins that you have been looking for. With the dealers that will be there, I am sure that you will find something that will be pleasing to you. Also the exhibits will be worth your trip. Come along to the Texas Numismatic Association convention — Baker Hotel — Dallas April 14-15-16.

paid), will of course be submitted to the club through the club's secretary, who will act as liason between the applicant and the club. In this capacity, the club secretary has several responsibilities:

(1) Acceptance of the application.

(2) Advising the applicant of the necessity of clearance through the membership committee and of the time involved.

(3) Advising the applicant that he or she will be contacted when elected to membership.

The club secretary should NEVER—

(1) Tell an applicant that he or she cannot join the club.

(2) Tell the applicant that the membership committee will act on the application at or on any specific date.

(3) Accept any dues from the applicant until he or she has been elected a full member.

(4) Suggest to an applicant that he or she forget the whole thing or that the application must be "dead" since it has been pending for several months.

(5) Accept a new application from the same person until after the expiration of one year from the date of the filing of the previous application.

GRANT MEMORIAL

To celebrate the centenary of the birth of Ulysses S. Grant, the United States issued a commemorative half dollar in 1922. It was withdrawn in 1923.

The obverse shows the bust of Grant in army uniform facing right, at sides ULYSSES S GRANT, and below 1822-1922.

The reverse features the house where Grant was born, with fence in front and trees around.

There were two types struck, with and without stars. The star variety has a small incused star in the right field of the obverse below the last A of America and above N of GRANT. (Beware of fake stars added to the plain variety in order to produce a rarer coin.) The coin was designed by Laura Gardin Fraser.

on "Will Success Spoil the Coin Collector?" It was about why people collect coins.

A meeting was scheduled by the officers to appoint the show chairman and committees. It was announced that tickets on the gold set being sold by the Dallas Coin Club in connection with the TNA convention, had been purchased to be given as attendance prizes. Twenty eight attended the meeting.—**David Williams**, Sec.

Gus Snodgrass, left, president of Central Texas Coin Club of Brownwood is shown presenting a set of the club's 1972 medals to Football Coach Gordon Wood of the Brownwood High School Lions. This year's medal features the Lions football team for winning five Texas State AAA football championships in 1960, 1965, 1967, 1969 and 1970. The reverse side shows the head of a Lion and the championship information. The obverse shows a map of Texas with the location of Brownwood and the name of the club. This is the fourth annual medal issued by the club in sterling silver and bronze. The silver issue already has been sold out but the bronze medals, which sell for $1 each, may be obtained by writing to Mrs. Clark Coursey, P. O. Box 759, Brownwood, Texas, 76801. A few of the 1970 and 1971 bronze medals also are available for $1 each.

DISTRICT FIVE:

Bob Hewgley
Governor

The **Dallas Coin Club**, oldest continuously operational numismatic organization in the Southwest, organized in 1928, has not had a change in membership dues during the nearly 44 years of existence. However, President Bob Hewgley announced the appointment of a committee to recommend appropriate amendment to the by-laws to cover an increase in dues. Serving on the committee are E. E. Boone, John Ratcliff and Carroll Andrews.

R. T. Griffith spoke on the history of the **Dallas Coin Club**, outlining the initial organizational meeting on May 24, 1928. The late Wm. A. Philpott and C. A. M. Glamery are credited with origination of the idea for a coin club in Dallas. —**LCdr. Carroll C. Andrews, Sec.**

Plans were finalized for the meeting to be held Friday, April 14, at the Baker Hotel during the 1972 TNA convention by members of **Numismatics International** of Dallas. The group of 21 met at Republic Savings & Loan.

Ross Schraeder gave a lecture on "Hammered English Crowns." His talk covered the time from about 640 AD to 1650 AD. The coins were represented by slides of Schraeder's collection. He is a specialist in English hammered coins.

As a matter of information, **Numismatics International** has several sets of slides with texts which are excel-

The regular business meeting of **Texoma-land Coin & Stamp Club** was held February 4 at the Denison Chamber of Commerce building. Following the business session, Carl Foster presented a program on the value of metal detectors in coin collecting. He displayed two different types and commented on their qualities. He had on display a large number of metal objects and coins as well as jewelry. In his talk he stated that he and his wife had found more than 600 items during the two years they had enjoyed this hobby.

At the second meeting of the month, Col. Chas. A. Wingo led a discussion concerning the advisability of holding a coin show later in the Spring. Five members volunteered to serve on a temporary committee to check into the matter and report back to the club. —**C. C. Groves, TNA Rep.**

✧

Around Greenville things are really in high gear with final plans being made for the third annual **Hunt County Coin Club** show to be held April 22-23 in the Greenville Junior High School cafeteria. It promises to be one of the finest shows in North Texas, according to reports.

During the March meeting, with 34 members present, 87 lots of coins were auctioned following the business meeting. — **Ronald Driggers, Reporter.**

✧

DISTRICT SIX:

Charlotte Nichols
Governor

The **Pasadena Numismatic Society** met in February with 22 present. Vice President Pat Hannegan resigned, due to a change in employment, and President Tom Shaw, in compliance with the club constitution, appointed Greg Kellogg to fill the unexpired term. The club voted Mrs. Charlette Nichols into honorary membership with the club for her term as District 6 governor. A report on progress of the upcoming August show was given by Cecil Warren.

Chris Johns presented the program on "Proposed Arrangement of a Catalogue of Coins." —**Chris Johns, TNA Rep.**

✧

Sixteen members and guests attended the February meeting of **Northline Coin Club**. J. R. Luker was appointed to be chairman of the club's annual show.

She had a display of Canadian coins and currency, snapshots of snow scenes, tourist attractions and deer and fish ranges. She said she was glad to get home where she could see flowers and green grass instead of 7-foot snow banks. Wenachtee is most unfortunate in not having a coin club.

R. A. Diener also gave a program for the club entitled "100 Years of German History." He had coins from the German Empire from 1871-1971. He attended school in Germany and knows their language so his programs are always interesting and he has the coins from each phase of German history.

The club is selling wooden nickels as a club project and have the 1971 issue and an overdate for 1972.

The tips of the month were given by Ruby Threlkeld and Tony Caso. These were — Watch out for overpriced silver coins and take all rolls of coins out of bank wrappers. The sulphur in the paper will tarnish all coins thereby ruining the appearance of uncirculated coins. —**Ruby Threlkeld, Sec.**

✧

The January meeting of **Galveston County Coin Club** of Texas City, was cancelled due to so many members ill with the flu. The February meeting was well attended.

A. A. Graf was welcomed back after an extended illness and things started off in his favor when his name was drawn for a silver dollar.

Ruby Threlkeld and Claude Ressler reported on attending the Houston club show and their observations. It was stated that there were many fine exhibits and that it was nice to meet many TNA officials again.

Claude Ressler was in charge of the program. His subject was "Off Center Coins." He had a display of cents and dimes to show and had copies of his book collection on this phase of the hobby. — **Ruby Threlkeld, Sec.**

Twenty-two members and eighteen guests attended the February 8 meeting of **Corpus Christi Coin Club** in the Humble Room of the Wilson Tower. In lieu of the announced program for which the speaker became ill at the last minute, a number of members reported on recent shows they had attended and on numismatic experiences they had had.

Dr. Albert I. Bagby, chairman of the Romance Language department of the University of Corpus Christi, spoke to 26 members and 25 guests about "Dom Pedro II of Brazil." The program was arranged by C. H. Roberts, president of the Texas chapter of the Maximilhan Numismatic and Historical Society. Dom Pedro was a cousin of Maximillian, an excellent ruler for 40 years who was able to maintain a balance between liberal and conservative forces in the country.

Exhibits included coins of Dom Pedro I, Dom Pedro II, coins and patterns of Maximillian and the two

highest priced colonial coins of Mexico, plus pictures of the several rulers and their parents — **Norma Mather, Sec.**

✧

Virgil Jackson of Beaver Dam, Wisc presented the program at the recent meeting of **Liberty Coin Club** of Corpus Christi His subject was "Coins of China" The talk was enhanced by a slide presentation

WHEN & WHERE?

Many requests have been received for a listing on Texas coin clubs as to when and where they meet. Many of our members travel a great deal and plans could include a visit to a coin club if they had the proper information. We will list different clubs each month. If your club welcomes visitors, let us know when and where the meetings are held.

Mayor Declares NCW In Pasadena, Texas

In a brief ceremony at City Hall in Pasadena, Texas, Mayor Clyde Doyal signed a proclamation setting the week of April 20-25 as National Coin Week in Pasadena.

Pasadena Numismatic Society President Tom Shaw, headed a deputation of Greg Kellogg, vice president; Karen Warren, secretary-treasurer, and Chris Johns, TNA club representative. After the signing, Shaw presented Mayor Doyal with an uncirculated Eisenhower dollar and an honorary membership in the society.

Recently formed, the Pasadena society is planning active participation in National Coin Week activities, beginning with the proclamation and including exhibits by society members to be placed in the Pasadena Library and area banks.

NEW BOOK OUT

The third edition of Whitman's "Buying and Selling United States Coins" by Ken Bressett, has just been released. This useful book tells all about buying, selling and collecting coins: their condition, preservation and cleaning. Historical notes cover each coin type, and information about the coin market and how to profit through buying and selling is found throughout the book. Mints and mint marks are explained and illustrated.

Every U.S. coin from 1793 to date is listed and special sections cover gold, commemoratives, proofs and modern paper money.

The new edition is available for $1.00 at all coin dealers, hobby shops and book stores. If not available locally, it may be ordered from Dept. M, Western Publishing Co., Inc. of Racine, Wisc., with $1.00 being added for handling.

America's Fastest Growing
Coin Company
wants to buy from you:

RARE COINS,
COLLECTIONS,
ESTATES,
ACCUMULATIONS,

or ony numismatic moteriol
from $100 to $100,000.

In conjunction with the fantastic growth of our national retail sales, we are placed in a position of having to buy at a constantly escalating rate. Our extremely large volume of 100% retail sales makes it possible for us to pay you absolute top dollar for your numismatic material. We have customers for your coins and will pay more to get them.

WHAT WE WANT TO BUY

We need a wide and varied assortment of numismatic items that most dealers just don't have the facilities to handle. We are not interested in "Cherry Picking" your collection, in other words we will not buy only the choice material from your collection and leave you holding the bag with what's left. We want and need everything, whether AG or proof, modern or obsolete. In short, if it's been worth your effort to save, we want it.

ADVANTAGES OF SELLING TO US

(1) You get far more for your entire collection when you sell to Riverside Coin Company. Why? We have the best possible location for retail sales; we are centrally located in heavy tourist traffic and only a stone's throw from Hemisfair Plaza, the still active site of World's Fair 1968. This means we pay more for the insignificant items that dealers cannot afford to advertise as we sell them direct to our tourist clientele. We sell the better material to eager collectors through national advertising.

(2) You get immediate cash payment in strict confidence.

(3) You get the full value from your collection when selling to Riverside Many collectors sell unknowingly to wholesale dealers. We are living proof of this as we spend hundreds of thousands of dollars annually with these wholesale dealers. You will eliminate him and get 100% for yourself by selling to Riverside.

(4) You get a pleasant and enjoyable transaction. You'll like the Riverside way of doing business.

HOW TO SELL TO US

Selling to us is as easy as A-B-C. Thousands of collectors and dealers have done it. Here's all you do: Package your coins securely and mail them to us either insured or registered mail. Our offer in the form of a check goes out to you airmail the same day your shipment is received. Your coins are then held intact for 10 days while you consider our offer. If for some reason you do not accept our offer, your coins will be immediately returned to you postpaid.
